NORWAY NEEDS ENGINEERS!

NAV EURES Norway www.eures.no is recruiting technical engineers, on behalf of Norwegian companies in the following sectors: oil and gas, shipping, telecommunications, IT and industry.

ARE YOU AN **ENGINEER** IN ONE OF THE FOLLOWING FIELDS?

Piping	Marine technology
Pipe design	Naval architects
Machine	Process (petrochemistry)
Mechanics	Electrical
Instrument	Electronic
Automation	Hydraulics
Mechatronics/robotics	IT (higher level)
Structure / Steel construction	Drilling
Telecommunications	Subsea
Safety / QA / QC	HVAC

NB: most of the vacancies in the oil sector are ONSHORE and very few OFFSHORE

The companies require:

- an engineer diploma OR a solid work experience in the engineering field
- a good command of English (written and spoken)

The companies offer:

- good working conditions
- long term contracts

Please send your CV and a letter of presentation IN ENGLISH to:

engineers@nav.no

Mark the e-mail: Jobfair Torino or Napoli

Please indicate:

- your engineer title or field
- when you are available for work
- in your CV: all the programs and applications you know (ProEngineer, PDMS, PDS, AutoCAD, AutoPipe, Cesar, StaadPro, Nastran, Sesam, Fem Analyse, X steel etc...)
- in your CV: indicate 1 or 2 referees, with name, position company, phone number or e-mail (NB: the referees have to speak some English)

Your CV will be forwarded to employers, who will contact you directly if they find your qualifications relevant. If so, you might be called in for an interview during our recruitment days in Torino (18-19th February 2008) or in Napoli (20-21st February 2008)
